

K-LOVE is my very favorite station in the Phoenix area as well as in other locals when I travel. It would be terrible to lose such an excellent, positive and encouraging station if the LPFM stations take priority over current FM translator service.

I depend on K-LOVE every day for their fine programming, great music and wholesome commentary. Please do not allow LPFM stations to force out this fine service to our community.

Sincerely,  
Roxane Nelson  
Avid K-LOVE listener
